DEATH OF D. MALONEY

An Early Settler and a Prominent
Figure in the Life of the
District

INTERRITORIAL LEGISLATURE

He Represented the Constituency of St.
Albert and had Held Many Positions
of Public Trust

Daniel Maloney, aged 63 years, and
one of the first Canadians from Onta-
rio to settle in Northern Alberta,
died at a late hour Saturday evening
at the family homestead in the St.
Albert district, from a complication
of arterial trouble.

The late Mr. Maloney came from
his old home in Ontario in 1882, bring-
ing his wife and children with him.
The little pioneer family made the
long trip from Winnipeg in prairie
schooners, and it took them just three
months to complete the journey.

With his family, Mr. Maloney set-
tled on the ground where the home-
stead now stands, and from a small
beginning, by patient and persistent
care and toil, he now leaves what is
perhaps the finest farm in Northern
Alberta.

There is little doubt that Mr. Ma-
loney was known personally to more
of the people of Northern Alberta
than almost any other of the old-tim-
ers. He represented the constituency
of St. Albert in the old territorial leg-
islature, about fifteen years ago, serv-
ing his people in one and part of a
second term. He had also held many
public positions of trust and respon-
sibility, being at various times mag-
istrate, notary public, and at the time
of his death being councillor on the
local improvement committee.

Mr. Maloney was also one of the
delegates to Ottawa when in 1882, the
residents of the district of St. Al-
bert, asked the government that the

land on the river front owned by the
half-breeds be surveyed. The dele-
gates were successful in their mission,
and today this land is almost entirely
owned by prosperous and thrifty
Canadian farmers.

H. W. McKenny, M.L.A., one of
the late Mr. Maloney's oldest friends,
in speaking to the Capital said:
"He was very widely read, and
had a great fund of information. He
had an indelible charm of man-
ner and his was the fluent tongue
and varied vocabulary of the orator.
In this way he was invaluable at elec-
tion time, and he was known to more
people in this province than any other
I know of."

The deceased leaves a widow and
eight children. A son, John, died
about four years ago. The children
who survive him are Miss Kate, a
trained nurse; Joseph, located at Riv-
iere qui Parle; James, an extensive
rancher in the Qu'Appelle River dis-
trict; Augustus at home; William and
Harry, attending school; and Mary
and Alice, also living at home. The
funeral will be held from the family
residence at eleven o'clock tomorrow
morning to the St. Albert cathedral.

GREAT FUTURE FOR PEACE RIVER

J. K. Cornwall has Returned from
European Tour where he Secured
Ideas for River Navigation
in the North

After a six weeks' sojourn in Ger-
many and France, where he made a
study of river navigation and was an
eye-witness of the scenes of devastation
wrought by the terrible floods in
Paris, J. K. Cornwall, M.L.A. for
Peace River, returned to Edmonton
last evening and seemed glad to get
back home.

When seen by The Capital at the
Alberta this morning Mr. Cornwall said
that the German officials showed every
courtesy within reason to himself and
Capt. Barber, as president and general
manager respectively of the Northern
Navigation Company. They visited ev-
ery scene of importance in the coun-
try where every conceivable variety
of craft could readily be seen from a
small sailboat to an ocean-going liner.

None Bitter in the World.
Mr. Cornwall is thoroughly convin-
ced, after inspecting the great water-
ways system of Germany, that the lakes
and rivers of northern Alberta, which
when linked together form a chain of
2,500 miles of navigable waterways, are
un surpassed anywhere in the world.

In addition to gathering valuable in-
formation which will enable him to
successfully accomplish his schemes for
the development of his immense con-
stituency, Mr. Cornwall made a study
of wireless telegraphy. Arrangements
have been made to install a system on
board the "Midnight Sun," and if it
proves successful the wireless will be
used throughout the entire north coun-
try. A new steamer of the most modern
type is now under order, and this
when completed will give the Northern
Navigation Company a fleet of three
ships.

Mr. Cornwall was greatly impressed
by the manner in which the Germans
utilize their waterways for transpor-
tation, and is of the opinion that the
bulk of the freight is carried by water.
"Travelling down the Rhine," said
Mr. Cornwall, "within a distance of
15 miles, we met scows carrying 400,000
tons of freight. I think in time the
waterways of our own north country
will be utilized to an equal extent.
When the Peace River country has
transportation facilities to tap its water-
ways, the development of the north
country will follow."

Government Will Move.
On his way home Mr. Cornwall spent
several days in Ottawa, conferring
with Mr. Oliver regarding the develop-
ment of the Peace River country, and
was assured by the Minister of the Interior
that he would do all in his power to
assist the new land of promise. Ar-
rangements have already been made at
Ottawa to erect an experimental farm
in the Grande Prairie country, and an
expert will select the site this summer.
Thirty new townships will also be
thrown open to settlers as soon as the
plans are approved of.

A press excursion which will include
editors and writers from the middle and
western states and prominent Canadian
writers, will cover the 2,000-mile trip
over the Peace River country this sum-
mer. The six weeks' jaunt is being ar-
ranged by Herbert Vanderhook, editor
of "Canada West," who has had pre-
vious experience conducting similar ex-
peditions.

U. F. A. Endorsed by Saskatchewan Grain Growers
Convention

The first meeting of the Canadian
Council of Agriculture, comprising the
executives of the farmers' organizations
of the provinces of Ontario, Manitoba,
Saskatchewan and Alberta, met in
Prince Albert last week at the close of
the Saskatchewan Grain Growers' con-
vention. This council was provisionally
formed at the meeting of the Dominion
Grange in Toronto last year, and lacked
as it is by the Grange, which has
numerous branch associations in the
Maritime Provinces and British Colum-
bia, it reflects more than any other
body the views of the farmers of the
Dominion.

SLUMBERS WERE BROKEN

King Edward Hotel Guests Rushed to the
Street Last Night at Sound of False
Fire Alarm

Last evening, while quietness reigned
supreme throughout the vast domain
over which J. B. McCulla presides the
twinkling of an eye saw peacekeepers
engaged into the wildest confusion and
furore.

It seems that the very latest in fire
alarms has been installed in the new
King Edward Hotel, the buttons bear-
ing a very close resemblance to those
connected with the electric light switch-
es.

About one p.m. Sunday evening, one
of the guests retired to his room and
on entering pressed one of the innocent-
looking buttons. In a moment a din
and clamor spread through the halls
that would put the roar of a battle-
field to shame. Imagine the beating of
Chinese gongs, clang of ambulance bells
and the roar of cannon all combined
into one sweet sound, and you will have
a mild idea of the King Edward fire
alarm.

Needless to say, the guests streamed
forth from their rooms, but on seeing
no signs of fire or smoke, quickly had
their fears allayed.

DEATH OF CANON NEWTON

The First Anglican Clergyman in
Edmonton and a Well Known
Missionary Worker

The death occurred in Victoria, B. C.,
on February 10th of Rev. Canon
Newton, Edmonton's first Anglican
clergyman, who has been living in re-
tirement in the British Columbia cap-
ital for some years.

In 1871 Canon Newton responded to
the call for missionaries in the Sas-
katchewan country, and his experiences
in connection with the work he incor-
porated in a volume entitled "Twenty
Years on the Saskatchewan."

CUSHING HAS NOT RESIGNED

Despite Certain Rumors That Have
Been in Circulation to That Effect

AUTHORITATIVE DENIAL GIVEN

Mr. Boyle Refers to his Position in an
Interview—Debate on Address in re-
ply Continued This Afternoon

The legislature at four o'clock this
afternoon will hear the opening of the
debate in reply to the speech from the
throne. Geo. P. Smith, M. L. A., of
Camrose, will move the reply and will
be seconded by Lewis M. Roberts, M.
L. A., for High River. It is possible
that the leader of the opposition may
address the house before the adjourn-
ment of the day.

The Capital secured an authoritative
denial this morning of the rumor
which has been abroad in political cir-
cles, that Hon. W. H. Cushing, min-
ister of public works, has resigned from
his position in the cabinet.

John R. Boyle, M.L.A., for Sturgeon,
authorized the statement this morning
that there was no truth in the report
that he would resign his seat. Asked as
to the questions which he will require
the House to know on Tuesday next,
Mr. Boyle said the information was
something that the House would re-
ceive sooner or later and there was no
thing unusual in the questions being
asked at this stage in the session. He
said that the contract for the construc-
tion of the Alberta and Great Water-
ways Railway was made by the execu-
tive council on the authority placed
with that body by the legislature at the
last session. The details of this con-
tract had not as yet been placed before
the house, but the answer to the in-
quiries on Tuesday would bring these
things out.

W. R. Clarke, financial manager of
the Alberta and Great Waterways
Railway, will in all probability arrive
in Edmonton this evening from the
East.

A caucus of government supporters
was held at the Young Liberal Club
rooms this morning from 11.30 to
12.30. The nature of the meeting and
the matters under discussion are not
known.

THE LAST BRITISH ELECTION.

London, Feb. 14.—With the election
on Saturday of Mr. Watson, Liberal
candidate for Orkney and Shetland Is-
lands, over Helmsley, Unionist, by a
vote of 4,117 to 804, the membership of
the new parliament is complete, the
standing of the parties being: Lib-
erals, 274; Unionists, 282; Nationalists,
82; Laborites, 40.

MAY BE CHANGE IN CABINET

Through Mr. Brodeur's Serious Illness
—Senator Dandurand's Name
is Mentioned

Ottawa, Feb. 14.—Owing to the fact
that Hon. L. P. Brodeur's recovery
from his serious illness of the past
month will necessarily be slow, and
that he will probably be unable to un-
dertake heavy work or responsibility
for at least six months, it may be that
a change in the portfolio of Marine and
Fisheries will be found necessary, al-
though it is hoped that Hon. Mr. Bro-
deur will not be compelled to withdraw
from the government. A fairly well-
defined rumor is prevalent in parlia-
mentary circles to the effect that Hon.
Mr. Dandurand, ex-Speaker of the
Senate and one of the most prominent
and ablest Liberals in the province of
Quebec, may be induced to enter the
government in the near future, in the
event of Mr. Brodeur's illness necessi-
tating his retirement from the Cabinet.
From Another Source.

Ottawa, Feb. 14.—It is rumored that
ex-Speaker of the Senate Dandurand
will some time this week be appointed
as Minister of Marine and Fisheries to
succeed Hon. L. P. Brodeur, who will
resign. It is stated that Mr. Bick-
dike, M.P., Montreal, will be appointed
to the Senate to fill the vacancy thus
created.

TRAGEDY IN MULATTO HOME

For Some Unknown Cause Man Shoots
his Wife and then Suicides—
Woman's Life Hangs in
Balance

A double tragedy occurred in a small
cottage at the corner of Queen's avenue
and Isabel street, about four o'clock
yesterday afternoon, when a man by
name of McCormick, a mulatto, aged 35,
shot and in all probability fatally in-
jured his wife and then turning the re-
volver upon himself, shot himself
through the head. As the result of
the shooting McCormick's body now
lies in the public hospital morgue, and
although the woman still lives, there is
but small chance of her recovery.

The tragedy was discovered yester-
day afternoon about four o'clock, when
a passerby heard the shrieks of a woman,
and discovered Mrs. McCormick lying
in the snow on the steps of her
cottage, with the blood pouring from
a bullet wound in the back of her skull.
Running to a nearby flyin' stable,
the man tried in vain to secure a doctor,
and then sent in the alarm to the po-
lice. The woman had informed the
man who discovered her that her
wound was not serious, but that she
would be murdered was in the house.
Entering, the police found the mulatto
lying on his face on the floor, without
hat or coat, but with a belt of car-
tridges about his waist and the re-
volver underneath him, in his hand. A
hole through his skull showed the fatal
path of the bullet.

As life was not yet extinct, the man
was placed in the ambulance and sent
to the hospital along with his wife.
He died, however, at 7.30 last evening,
without having regained consciousness.

As to the cause of the shooting, the
police are still in the dark. A butcher-
knife which lay near the woman would
not show that there had been a quar-
rel. It appears, also, that a strange
man had been seen around the house
shortly before the tragedy occurred.
An inquest into the death of the man
has been ordered for tomorrow
morning.

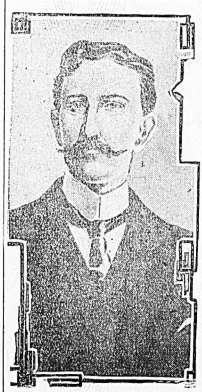

Boy Killed his Mother

New York, Feb. 14.—While playing
with his father's revolver, John Brady,
a nine year old boy, shot and killed
his mother in their home in Harlem
last night. The bullet ploughed its way
past the cheek of John's baby brother
Thomas, whom the mother was carry-
ing, and entered the woman's heart.
She sank to the floor without a cry,
dead. Mrs. Brady was 37 years old.

Death of John Blacklock.

Toronto, Ont., Feb. 14.—John Black-

manager of the Reliance Loan Co. and
had formerly travelled for the same

Crushed His Little Daughter

Beaumont, Texas, Feb. 14.—Back-

over and crushed to death his sixteen
month's old daughter. The child had
followed his father to the garage with-
out his knowledge.

THE IRISH AND THE RADICALS
STIR THEMSELVES

Mr. Redmond's statement of the position of the Irish Nationalists and the warning issued by the Radical weekly, the Nation, indicates very surely a period of great stress for British Liberalism. The cabinet wishes to reintroduce the budget immediately. The finances of the country are in bad shape owing to the long period of confusion through which they have passed, and it is obviously the first duty of the administration to rehabilitate them. But Mr. Redmond is insistent. He is looking forward with expectancy to the introduction of a Home Rule Bill and he has an idea that if any regular government measure is undertaken and sent up to the Lords before their exact powers, in dealing with bills, that have passed the lower house, are defined, it must mean a strengthening of their position. The importance which he attaches to what after all is nothing more than a matter of procedure, shows how little disposed he would be to conclusion provided a difference of opinion arose on a genuine issue. The Nation's strong language regarding the possibility of half-way measures being adopted in dealing with the Lords must cause no little disturbance to conservative sections of the party. The Nation doesn't want any reformed second chamber, but the "anti-veto" policy in its entirety.

Just what this involves is not clear. But the general tone of the article would lead one to believe that what is wanted is the reduction of the Lords to the position of political magnifices. That the time is ripe for this in Britain is extremely doubtful, in view of the election result. Mr. Asquith and Sir Edward Grey are hardly likely to attempt any such policy. But if they do not, and if they give the Budget the first place on their programme, will the threats which come from the two sources indicated be carried out? Altogether, the task of holding together the majority which keeps the government in office, looks like one of the most arduous that ever faced a statesman in British constitutional history.

Mr. W. A. Burgess, who kept hotel in Calgary eighteen years ago, and is now a well-known Toronto business man, when in the former city gave it as his opinion that western real estate was too high and that a slump was sure to come. Three or four years ago this was what every visitor to the west had to say. It is so long since we have heard the statement, however, that it has almost an original sound. If there was to be a slump, when would it be more likely to come than during the past three years, when financial depression prevailed throughout the world and the west had the effects of one unusually poor and one indifferent crop to contend with? There was cause for lack of faith before such a test had come, but it doesn't look reasonable now, with general confidence restored to the extent that it has been within the last six months.

WHAT OTHERS SAY

Supports His Honor for second Term
(Calgary News)

From Edmonton it is learned that Lieutenant-Governor Bulley may be offered a second term at Government House.

If that be so, very few, if any, will object to the action of the government in pressing a second term upon the present incumbent.

Since accepting office in 1905, Lieutenant-Governor Bulley has occupied the position with credit to himself and benefit to the province. True, when he was offered the original appointment he was not an actual resident of the province, but he had been a resident of the territory for many years, had been a member of the territorial

administration also for years and was a true Westerner with a full knowledge of the requirements of the new province's star had been formed from the Northwest Territory.

It may be that there are one or two ambitious persons who are looking anxiously in the direction of government house, Edmonton, who might object to Lieutenant-Governor Bulley's acceptance of a second term, but the very large majority of the people of the province irrespective of political affiliation would hold up both hands for the second term of the present incumbent.

The Only Contest He Knew

(Denver Times)

When the news that Tom Johnson was defeated for mayor was received in the office of the Denver Times there was not time to do more than run a scare head, JOHNSON DEFEATED!

The papers were on the street in a few minutes, and a frenzied Irish "newbie" started off, yelling joyously "Jeff Wins!"

A Plains Drama

(Denver Republican)

A cloud cap on the mountain, beneath the morning stars.

A breeze from out the Northland, horn of the flocks afar.

A few white flakes, sent whirling out where the sheep flocks are.

A fire whose sparks are scattered across the bending sage.

A call from distant shepherd far borne by winds that rage.

A tragedy is shaping upon the Western stage.

A plain the snow has curtain from every shaft of light.

A dog that whines interor, crushed by the storm king's might.

A sea that claims its victims—a sea whose waves are white.

A sun that shines in glory upon a scene of peace—

Marks all the gems that glisten above each buried fleece.

And o'er the silent herder who found a quick release.

Arthur Chapman.

CONVENTION
TO BE CALLED

Representatives of Alberta and British Columbia Commercial Interests will Meet Before Seeding Time

Before the year's spring seeding is done there will probably be called an important trade conference of representatives from the provinces of Alberta and British Columbia.

This information was given to the Capital this morning by J. B. Bower, president of the United Farmers of Alberta who is returning to Red Deer from attendance at the meeting of the Canadian Council of Agriculture in Prince Albert. Mr. Bower explained that at the recent farmers' convention in Edmonton a committee composed of L. H. Jelliffe, of Spring Coulee, Philip Ottewill, of Clover Bar; and himself had been appointed to investigate trade conditions along the lines suggested in his lengthy report to the convention. Mr. Bower said that the committee would shortly get together and plan a progressive campaign preliminary to the calling of a larger convention than the province had hitherto seen for such purposes.

Speaking of the aims to be accomplished, Mr. Bower said that the committee would be representative of all the different producing and consuming interests of both provinces and that an attempt would be made to bring about better trade relations. Other questions to be discussed were the establishment of government controlled abattoirs, which would give the independent producer and dealer a chance to meet and make a fair bargain without the interference of the monopolist; the safe-guarding of the interests of interprovincial trade by a system of licensing and bonding; commission merchants in the same way that grain commission men are now bonded, the working out of a system of hay inspection and the securing of redress from the C. P. R. for the retarding of development of both provinces by discrimination in freight rates.

Calgary papers will be represented in the new press gallery at the legislature. Messrs. Wm. De Graves of the Alberta and L. V. Kelly of the Herald arrived on this afternoon's train and it is also probable that the Calgary News will send up a representative.

MADAME LE VERRIER

Mme Marie Le Verrier Sees No Reason Why Women Alone Should Do Drudgery

"Although we have female cab drivers, chauffeurs, bill posters, and other equally manlike vocations capably filled in Paris by the gentler sex, home-keeping in France still absorbs the life of our women," was the recent declaration of Mme. Louise Le Verrier to a New York reporter of the Evening Telegram.

Mme. Le Verrier had just arrived in New York from the Parisian Capital, accompanied by her husband, who is a member of the faculty of the University of Paris.

"Woman is now proving herself first in mental tasks in France in competition with men, even this handicapped," continued Mme. Le Verrier. "Our system of government, and traditions over there, however, keep us from going ahead as fast as we should like to."

"We need your Yankee inventions in France to keep our houses more comfortable and happier," said Mme. Le Verrier, with enthusiasm. "They are, indeed, a blessing to the housewife. Just think of it: for the average person over there we have no steam-heater, no dumb-waiters, no bath-tubs, no ventilators, or none of those other numerous modern conveniences that make life easier here."

"Two hours daily are spent by the housewife there just to purchase the food for the day. With no ice box to keep meat, butter and such things, she has to buy these supplies daily. Then she has to carry coal up several flights of stairs perhaps, and build fires in the rooms."

"All this is a great mistake. We hope soon to get rid of this interminable drudgery of the same chairs day after day, or the peeling of potatoes and the other kitchen slavery that occupies all the time of the majority of French housewives, and gives them little or no return in real happiness."

Want Better Children—Not More
"There has been some criticism of the low birth rate in France, but our lack of increase in population is not so much due to that as it is to a high death rate. We do not want more children in France, but better, healthier children."

"As a matter of fact we have too many children there now to take care of them properly. The average man of family in France—the wage earner—has to work at two or three trades now to earn a living."

"Most women are head housekeepers because they don't understand the value of a system. The home should be conducted with more organized effort, what you Americans call the 'trust,'" laughed Mme. Le Verrier. "If the woman does that I don't see why she can't be in the home and in business too. She ought not to be made to waste a day, or even a few hours of furniture every day in the year. She is meant for nobler pursuits."

Life Ought to Aid Husband
"Whether the husband is a cobbler or an artist the wife should understand enough about his work to aid him. If she had a vote and could talk politics with him, perhaps he would stay at home and keep away from the saloons," said Mme. Le Verrier, with a flash of merry defiance. "Even if cleaning up saucers or windows takes up most of her time, she can help her lord and master with her sympathy."

"It seems to me that the ideal home

of the future will be a co-operative establishment. There is no reason why a woman should be expected to sew, cook, scrub, and darn socks any more than a man. I think boys should be taught these useful occupations just the same as girls. In that way men and women will be put upon the same plane of life, where they belong."

ARCHITECTS IN CONVENTION

Suggestion Made that all Provincial Architectural Bodies be Affiliated—Officers Elected

The fourth annual meeting of the Alberta Association of Architects was held in the Windsor Block last Friday and Saturday with a large attendance both days.

The retiring president read a comprehensive report of last year's work, and outlined the work for the coming year.

The suggestion of the Ontario and Quebec Associations of Architects that all provincial architectural bodies be affiliated will be discussed this year. It is recognized as a question of great importance to the profession.

A year book of the Alberta Association of Architects has been widely distributed throughout Canada, United States and England. It contains all particular relating to membership, along with sets of examination papers, and should prove of special value to those intending to become members of the Association and practise in Alberta.

The treasurer's report showed the association to be in a healthy financial condition.

The election of officers for 1910 resulted as follows:

AN INJURY TO HOCKEY

In Game Between St. Marys and L. H. Teams, Frenchy Guay Gets into Numerous Scrap

Calgary, Feb. 12.—Last night the Lacrosse-Hockey were swamped by the St. Mary's team by a score of 14-3 in a game that was chiefly characterized by a rowdy exhibition by Alphonse Guay, and incessant delays, and by the far superior work of the St. Mary's seven. It was not a game but was a slaughter, and Guay conducted himself in a manner that would mean an instant dismissal from all future participation in amateur sports in some places, and may eventually result here. The man seemed to run amuck. Early in the game Burton penalized him for attempting to cross-check McKenzie in a bare-faced manner. McKenzie jumped off the stick and escaped a bad throw against the boards. Guay was penalized and turned on the judge of play, Burton, of Brandon, like a crazy man. When a man who has played hockey as long as Guay cannot hold his temper it is time he quit, for he will never learn. Guay lost his temper and hit Burton, who, not being so sure on his skates as Guay, went down. The Saints, per Alex. McHugh, Walton, McKenzie and a few others separated them, but Guay made another rush. Burton fell again, and Guay also, then the little cover-point tried to hit the official when he was down. Guay took the fence and play was commenced and continued until Tansey was hurt and left the ice for a time. Guay got back on the ice and skated down the end Burton was on. They came back to the penalty bench skating side by side and then again the Guay temper flared and he punched Burton. Burton slipped and fell and Guay went after him when he was down, hitting a couple of times. This time the offender was put out of the game.

It has been suggested that one of the best ways to punish Guay would be to take the restrictions of gentleness off Doug Gibson and let that husky gentleman open up full speed against Guay and Guay alone for just one full game. However, the action of Guay last night has done more to hurt hockey in the city than twenty good games will repair. The crowd was disgusted and have not yet succeeded in talking off all their dissatisfaction, though many of them talked until a late hour last night. Hockey was just getting a firm grip in the city and was drawing good crowds, for the grade of play was good and clean. But Guay's exhibition has done harm. His excuse that Burton said something to him that aroused his temper is no excuse at all for he has played much hockey and should hold himself under control by this time if he ever intends to do so. We have never yet seen an official in hockey games in Calgary lose his temper, even though they are almost always the recipients of direct and unpolished remarks from offending players.

The game itself was ragged on the part of the Lacrosse-Hockey, with the Saints playing far superior stuff. The ice was splendid and the winners took every advantage of it. After Guay went off they played seven men until half time and then put off Frank McHugh to even up. The Saints' forward line played grand hockey. Alex. McHugh, Sparrow and McKenzie especially starred in a lot of very spectacular work of combination, while Walton as usual played a fine defence. Tansey had practically no work to do.

FRENCHY TALKS ABOUT THE FIGHT

Claims that he Received Great Provocation—Others Think Differently—He will be Suspend

A Guay, the Lacrosse-Hockey player who was sent off the ice for the game last evening against the Saints, gave out the following to the Albertan last night. Guay said:

"There are two sides to the mix-up. I know I should not have struck him in the first place, even though I should not have been sent off. After penalizing me, Burton should have let it go at that, and everything would have been all right. While I was on the fence the game was stopped while a player recovered from an injury. Burton then skated up to me and said: 'Just wait till after the game and I'll fix you.'"

"I said, 'You don't have to wait till after the game,' and walked into him. If he had not been looking for trouble he would not have come around to me, and the second affair would not have happened."

The above is Guay's version of the affair. In any case the action of Guay is quite inexcusable. The official's job at a hockey match is not a good one at the best of times, and they must be protected from such actions. Burton has only been in the city a week, coming here from Brandon. He must have been reminded last evening of Brandon's palmy days, when Jos Hall was on their line-up.

PEERLESS RENFREW TEAM GOES DOWN TO DEFEAT

Ottawa Won Their Fourteenth Straight Victory by 8 to 5

SCORE AT FULL TIME WAS FIVE ALL

Fred Whitcroft and the Patricks Starred for the Millionaires While the Whole Ottawa Team was in the Limelight—Jack Fraser Played Instead of Herbie Jordan—Game was Clean and Penalties Few—Large Amount of Money Changed Hands

(Special to the Capital)
Ottawa, Ont., Feb. 13.—Renfrew all-star hockey team went down to defeat before the invincible Ottawa on Saturday night by a score of 8 to 5. But not without crippling Bruce Stuart, Ottawa's captain who broke his collarbone. It would be unfair criticism to say the best team won as no two teams ever met who were more evenly matched. Ottawa's scoring ability may be a shade more effective but was offset by Renfrew's clever stick work. For three hours each team battled and struggled furiously for victory. This was coupled with lusty cheers and roaring means from a mad yelling mob of nearly 8,000 fans, produced a spectacle unprecedented in hockey history. When Referee Bowie's whistle blew for full time, score was a tie, 5 to 5. Pandemonium reigned. The officials gave the players the choice of either sudden death or ten minutes overtime. Overtime play was accepted. It was a decidedly clean game throughout. Renfrew's bonus offer to players to stick on the ice escaping penalties, had its effect. Spectacular dashes and phenomenal plays of Whitcroft, Taylor and Lester Patrick for Renfrew, and Shore, Walsh and Lake for the champions, were marked features of the match. Renfrew's line up was changed at the last minute by Coach Alf. Smith who said if he had carte blanche, he would place winning team on ice. Jack Fraser played left wing, Jordan was dropped, Whitcroft went to centre. Ottawa made no changes and faced Millionaires with regular team. When Fred Taylor, once the favorite idol of Ottawa, appeared on ice in enemies' colors, a tremendous cheers went up. Betting was \$100 to 75 before the game in favor of Ottawa; large sums were bet by Ottawa fans that Taylor wouldn't score. He did. Bowie handled the game satisfactory to all.

The Play—First half started with a bang. Shore scored the opening goal for Ottawa in ten minutes; another minute Ridpath took the puck from Frank Patrick, scored for Ottawa. Renfrew's playing on defensive while Ottawa rushed things from the start; many clever rushes in which Whitcroft figured as star man; Lester Patrick's clever stick work scored; Frank Patrick got hit with puck, hurt, goes off; teams play six to six; then Roberts scored for Ottawa; Taylor and Miller by cyclone dashes got several shots at the Ottawa net, but Lester Patrick's clever blocks. Finally Frank Patrick pulled off sensational stunt, scored for Renfrew, half time, 3-2 for Ottawa.

The second half started off with Renfrew more aggressive. Taylor checks hard, mixing it up with stick, shows class as defence man; always in on Ottawa nets, finally scored. Score now tie 3 to 3. Frank Patrick comes right back, scoring for Renfrew in tense excitement. Lake gets away, passes to Ridpath who sends in shot after shot; at Lindsay, but he blocks them all. Roberts passed to Stuart, who scored.

Lester Patrick in whirlwind dash, scored, score tied 5 to 5. Terrible efforts made by Taylor and Whitcroft to score, nothing doing. Lester Patrick in mad rush collides with Stuart; throws him on ice and breaks his collarbone. Full time called. The teams decide to play ten minutes overtime in preference to sudden death. They

PROVINCIAL BOWLING TOURNAMENT

The Medicine Hat Bowling Association is Preparing to Hold Tournament There

The following letter has been received at the Olympic Bowling Alley from Medicine Hat:

"Dear Sir—As winners of the Provincial Bowling Tournament held in Calgary last winter, we think that we are entitled to have it held in Medicine Hat this winter.

"We purpose holding a tournament, providing we secure enough entries. We are writing Calgary, Edmonton, High River, Gleichen, Red Deer and Lethbridge. We ourselves will enter three teams.

"The prizes will in all probability be: "Five-man team—1st prize, \$100 cash and cup, 2nd prize, \$50 cash.

"Doubles—\$20.
"Singles—\$10.
"Entrance fee—\$2 for each event.

"Yours truly,
"T. V. READY, Sec."

It is not known yet whether any Edmonton teams will make the trip or not. The \$100 prize for a five-man team should be easy pickings for the Olympians.

A three-man team league is now under consideration at the Olympic Alleys and a schedule may be expected in the near future.

THIS SOUNDS RATHER STRANGE

Stettler Paper says that Club was not Notified of the Meeting in Edmonton

The Stettler Independent says:

"We notice by the Alberta of Feb. 8th that the executive of the Alberta Amateur Hockey Association have thrown out all the victories won by Stettler and have suspended Messrs. Lynn and Kent for the season. The members of the executive present hail from Edmonton, Lacombe, Strathcona and Red Deer. No invitation was given to any of the officials at Stettler to attend the executive meeting and state their side of the case. As far as the local men were concerned this meeting was held 'in camera.' It was the old exploded principle of taxation without representation over again. We know nothing of the merits in the case itself; the point we are discussing is that no executive of any kind has the right to try a case without inviting representatives from both sides."

Bob McQuade of the Ottawa Printers' Bowling League nearly won undying fame last week. He rolled 297, just three pins less than a possible.

Detroit, Feb. 9.—Jack Johnson, the champion pugilist, must appear before Judge Connolly this morning. Johnson's latest bout with the law is over the possession of one of his fine bull-dogs, which grabbed Sam Lewis and tore his arm badly.

Gordie Roberts may be a youngster but you can't get ahead of him. On the way up Friday morning the newsboy tried to sell souvenirs of Colalt in the form of pins, brooches, and rings, and particularly one of the latter, said to be made of gold from the Porcupine but Gordie insisted that it was not genuine because it had no quills on it.

J. H. Gillis, the Vancouver policeman, who holds the Canadian all-round championship, was beaten by a quarter-point by F. D. McConnell of the Vancouver A. C. at an indoor meet last Wednesday. Gillis won the jumps and shot-put, while McConnell was well up in the sprints and jumps.

There'll be no short right field fence at the Toronto Island Stadium this season. The distance from the home plate to the right field fence is 280 feet, and from the plate to left field fence 320 feet. A home run can be made any place inside the grounds. There'll be plenty of room for some fast work in the outer grounds.

The appearance of Dr. Hyde in the Swope case has aroused our languid interest. If Mr. Jekyll appears we shall sit up and take notice.

Hufeland	218	235	204-457
Tyser	204	183	153-340

Sutton	187	192	194-383
Totals	1017	1388	964 3089

Team average, 1023.

This score beats the recent game bowled by the Royal Riverdals, when the latter took a 3033 count of the pins in.

The feeling among the players of the Haileybury hockey team is that Nick Bawlf, the well-known Rugby star, who broke into professional hockey this winter, has not been given a chance to make good.

After a long absence from the matrimonial ring, thanking you for your kind opinion, and assuring you that I'll do my best in the future as I have in the past, yours truly, John Lawrence Sullivan has "come back." He has hooked up with his first love, a fine woman—and a good waiter.

Eastern papers indicate that the Ottawa-Colalt game at the Silver City was a mighty close shave for the "champions." With one minute to play the score was four all, but in the last twenty seconds Freddy Lake scored the winning goal!

A local contemporary publishes a despatch headed "Many people are after the Regina franchises." A careful perusal does not reveal any mention of the baseball franchise.

"The Red Deer hockey team were outclassed at Lacombe Wednesday night and did not get a look-in, while over a dozen goals were scored against them. Hewson got a nasty crack in the eye, which will lay him off for a few days. This disorganized the team. Cooke, the Lacombe non-resident, played, and played dirty, the Red Deer players were. Mr. Gillespie was referee." Red Deer Advocate.

Jacob Shafer, known as the wizard of the cue, from the fact that he has held every billiard championship of the world from straight to three-cushion caram, is dying of tuberculosis in Denver, Col., according to advices received here today. He is 51 years old.

The curlers returned Tuesday from the Edmonton hospice. McBrine's team won second prize in the Visitors' trophy and Clark's fourth in the same competition. DISTRICT COURT CASES

Held Before Judge Taylor at Vermilion—Several Important Points of Law are Involved

Judge Taylor returned Saturday from holding court in Vermilion. In the case Rex vs. Fred Williams, alias F. W. Burch, defendant was charged with stealing a razor, the property of Edwin Johnson, on January 3rd. The razor could not be identified, so the charge was dismissed. The prisoner had a bad record, having three charges registered against him in the past. W. M. Corbett for the Crown and Norman Murray for the defense.

In Rex vs. McGinnis, defendant was charged with giving information before

P. G. Pilkie, a J. P., charging A. D. Carmichael with theft. It was claimed that defendant committed perjury with intent to procure the conviction of A. D. Carmichael by swearing that a certain cheque for \$310 was received by said Carmichael from McGinnis with directions that cheque or proceeds should be applied to pay off an indebtedness of the two to the Bank of Commerce.

There was no evidence that McGinnis had committed perjury and the charge was dismissed. Corbett for Crown and Murray for defendant. In Rex vs. Carmichael, McGinnis laid information on September 24, 1909, that A. D. Carmichael, a real estate agent of Vermilion, on or about November, 1907, did unlawfully steal one white steer, the property of some person or persons unknown. The legal counsel

was W. M. Corbett for Crown, Norman Murray for McGinnis and H. A. Mackie of Edmonton for Carmichael.

Judge Taylor reserved his decision on this case, and intends bringing the matter before the full court in March. The case involves a question in law as to whether property can be stolen from an unknown person.

HAILEYBURY DEFEATS SHAMS

Montreal, Feb. 14.—In Saturday night's game at Hailybury, the Shamrocks, of Montreal, went down to defeat by a score of 12 to 6. At Montreal, the Cliffside of Ottawa defeated the M. A. A. in an Inter-provincial league game by 9 to 6.

A WORTHY ATTRACTION COMING.

The announcement that the National Stock Company will begin an engagement at the Empire Theatre on Thursday evening next, is one of more than ordinary import to all lovers of the drama.

With a large and talented company of metropolitan players, a fine selection of standard comedies and dramas, and a sixty-foot baggage car jammed to the roof with beautiful scenery, costumes and properties, a most unusual treat of the legitimate may be expected. "Friends," that matchless drama by Edwin Milton Royle is underlined for the opening play, on Thursday evening next.

STANDING OF CANDIDATES IN THE CAPITAL'S CONTEST

The First Published Figures of the Capital's Prize Contest Show That Many Candidates Have Made a Good Beginning

Today you see the first standing of candidates entered so far in the Capital's \$750 prize voting contest. You know the number and value of the prizes, and if you have an idea that you would like to win one of them you can readily see that there is plenty of room for an energetic contestant. Do not hesitate any longer about entering, but start in right now, and in a few days you will be abreast of the best of them.

A Satisfied Contestant

The following letter was received from a candidate who completed successfully in the Lethbridge Herald's contest, which was conducted by the manager of the Capital's contest and ended on January 10.

Lethbridge, Alta., Feb. 4, 1910.

"Dear Mr. and Mrs. Dice: I received the Capital and read every word about the contest. It just makes my heart ache to know I can't work in it. I certainly enjoyed every day of the contest here, and I know I could win one of those splendid prizes the Capital is giving if I only lived nearby. However, I shall never forget the

time I had in the Herald contest and the good prize I won. I hope some day I may have another opportunity to work on one of your contests, for it certainly was a great pleasure for me. I was greatly benefited by the work in the contest. It seems like old times to see the voting coupon again. I am sure if many in Edmonton knew what I know now, they wouldn't hesitate, but know in their nomination and get busy.

The Capital is a nice looking paper, and I hope you will send me a copy occasionally, as I am greatly interested in the contest, although not a candidate. I remain, as ever, Yours very truly,

ROSE H.

The original of the above letter can be seen at the Contest Department. From present indications Edmonton will have several "Rose H.'s" in the Capital's contest, although not a candidate. I remain, as ever,

Yours very truly,

The standing of the candidates will be given on Tuesdays, Thursdays and Saturdays for the present.

Votes received up till 9 o'clock on publication day will be counted and published.

Plenty of room for more active candidates. Remember, there are seven prizes, four in each district in Edmonton, three in Strathcona, and four in the outside districts, as well as the two grand prizes, for which all candidates compete.

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

On Saturday, the second team of hockey against the science men of the University in Strathcona rink. The game was keenly contested and although the Alberta College lost by 5-1 the chief cause of their defeat was their inability to shoot when they had an opening. At half-time the score was 3-0 for Varsity. The teams were:

Alberta College: Goal, Medcalf; p.j., Bentley; cover, Urquhart; rover, Higgins; centre, Yarrow; right, Prince; left, Smith.

Varsity: goal, McKee; point, Hyssop; cover, Hotchkiss; rover, Inkston; centre, Martin; right, Brown; left, Deas.

Anyone who watched the interurban cars on Saturday and saw the crowds of people travelling both to and from Edmonton in cars crowded beyond their capacity, so much beyond that the passengers were hanging on the outside like bees around a hive—would be inclined to feel a trifle skeptical regarding a deficit on the interurban line.

H. Cooper, who has been employed in Malone's store for the last nine months has accepted a position in the store of Fraser and McDonald, Vegreville. He leaves to-night to commence his new duties.

The Varsity Y.M.C.A. met in Burger block at 4.15 p.m. A large number of students and young men of

the city were present. The study taken up is the "Life of Christ" and the particular lesson yesterday was "The Galilean Ministry."

The Liberal Association, i.e. the amalgamated body of the Young Liberal Club and the older Liberal Association, will hold its annual meeting in the Ballin block on Thursday, Feb. 17th. A full attendance of members is earnestly requested.

Rev. H.E. Gordon preached at both services in the Metropolitan Methodist Church on Sunday. In the morning the subject was "Where Are You?" after which the sacrament of the Lord's supper was dispensed. The evening subject was "Daniel the Faithful Young Man."

J. T. Weir who has been conducting a gent's furnishing business in the city for the last four years, left today for Kamloops where he intends to open up a similar business.

Mrs. G.W. Marriott left on Saturday for Victoria, B.C., where she will visit for some time.

GET STARTED TO WORK IN EARNEST AT ONCE

What is proving to be the most interesting contest ever conducted hereabouts is now in progress under the auspices of this paper. Although still in its infancy, it is the talk of the town and surrounding country. The "contest man" who is conducting the affair, claims no credit for the great success of the enterprise, which is already assured, as it is the candidates—the people who are participating in the struggle—who are making it a success. It is the quality of the men that makes the race, and from the enthusiasm shown by the various contestants and their friends, the contest is sure to be a memorable one.

Contest Warning Up.
The contest is just beginning to warm up, and those entering now have the advantage of getting into the fray when subscription are easy to get. After the race is over, and the lucky ones have carried off the honors and are in proud possession of the beautiful trophies, many of the candidates will see how they could have been among the winners had they but done justice to themselves and their friends who had been seeking for them.

Enthusiasm Counts.
Enthusiasm counts in this contest, as well as in any other undertaking. It will rally support to your side never dreamed of. You start with your friends. They are ready to support you as a matter of course; that is, they will turn their votes in your direction. It is up to you to make everyone of them an active worker in your behalf. Don't merely ask for their votes—secure them, and see that you enlist them on your side. Talk to them and get them enthused about the contest. Let them see that once they cast their votes for you, you are their candidate and they will be interested in your success. Their votes are valuable, but their influence is worth a lot more.

Subscription Books.
Candidates who are not already supplied with subscription books should call at the contest department, Room 5, Newwood block for these little helpers.

THERE'S WORK FOR ALL

—EXCEPT INCAPABLES—

Only "inefficients" need worry about finding work—and their worry should be as to how they may learn to do something well and thus get into the ranks of the capables.

Classified advertising serves the worker who is efficient—serves him surely; and, usually, quickly. Although, like every other worth-doing thing, want advertising calls, frequently, for some persistence, some of the

Unquitting Spirit!

Finding the best place to work is so important to you that you will do well to plan a small "want ad. campaign"—contemplating enough persistence to win, however much or little that may be.

FARMERS MAKE WAR ON COMBINES AND TARIFFS

(Continued from page two)

War on Combines.

What does the Council stand for? This question was asked the Alberta representatives by The Capital at the Windsor Hotel this morning.

"The great issue will be the investigation of commercial combines and high tariffs," was the reply. "The Canadian Manufacturers' Association, composed of 2,500 members, has made the statement that if it chose it could hold up the 7,000,000 people of Canada. If it is true that this association can do this, we want to know why it is true and how the power of this commercial organization may be broken.

"As farmers we see a great opportunity for our cause in the bill which Hon. Mackenzie King, minister of labor, is bringing before the House of Commons. The bill provides that any person who feels there exists a combination in restraint of trade, may take the case into court. If the judge sees the accusation has some justification he may issue an order for an investigation and the government will bear the expense of such investigation. Such an enactment as this will be very useful to farmers' organizations in the fight which will be waged against high tariffs and combines. Particular objection, of course, is taken to the high tariff existing on agricultural machinery and the trade combines in this country which are the cause to a large extent of the high cost of living.

Attack on Railways.

"The council will institute an attack on railways also in regard to the question of railway crossings and cattle guards. The law at present reads that no cattle, horses, sheep or swine shall be permitted to be at large on public highway within half a mile of the railway crossings unless they are in charge of some competent person or persons who can keep them from loitering or stopping on the crossing or straying upon the railways. Such a law places the onus of proof on the owner in case of loss of live stock. It is always up to the owner to prove that his stock were not straying. In this the railway companies have an advantage to which they are not entitled."

Grain Growers' Conference.

Asked as to the success of the Saskatchewan Grain Growers' Convention Mr. Bower said that co-operation was strong among the Saskatchewan farmers, but that the convention did not accomplish as much for the farmers' cause as did the Alberta convention in January. He said the question of internal elevators was discussed and dissatisfaction was expressed that the Scott government had been so slow in selecting the personnel of the commission. It was strongly urged that the commission, when appointed, should be given every assistance by the farmers so that a radical scheme of government ownership might be devised.

E. J. Fearn, secretary of the W.F.A., said that the resolutions from the Alberta organization presented at the Saskatchewan convention were all heartily endorsed, particularly those referring to the chilled meat trade, municipal elections, and the western grain route in which was incorporated the question of interprovincial trade.

Friends of Arthur P. Chantell, who has been confined to the hospital for some time, were glad to see him on the street again on Saturday.

One of the regrettable features of the removal of Mr. C. S. Hotchkiss is the fact that it necessitates his resignation as president of the Agricultural Society, in which he took such a deep interest and had planned aggressive work for this year. A meeting of the directors will be called shortly to elect a successor. It will take a strong man and one who is willing to devote some time to the exhibition. There will be a two days' show this year about the 15th of August. In one way it will not do the association any harm to have a good friend at Edmonton—Clareholm Review.

The Macleod Advertiser says: "The many friends of W. E. Shanks, until recently teller of the Northern Crown Bank, are congratulating him upon his appointment to be manager of the bank's new branch at Granum. He took charge Monday. By Mr. Shanks' departure the Macleod Band loses the services of its enthusiastic leader. The hockey team, also, laments the departure of a good man, and a keen curler and lacrosse player are gained by Granum at our expense."—Mr. Shanks was formerly teller at the Edmonton branch, and is a son of F. D. Shanks of this city.

An athletic contest, unsurpassed in the Y.M.C.A. tomorrow evening at 8:15 the annuals of sport, will take place at p.m. The "Trouble Hunters" will play a basketball game with the "Third Floor Backs." The referee's name is being kept dark but the teams are: Trouble Hunters, Gowan, Dunham, Harlow, Miller and Frowde. Third Floor Backs, Clark, Treutman, Strachan, Hutton and E. J. Weaver.

E. J. Weaver, a student in the law offices of McDonald and Tighe, was notified Friday evening of the death of his brother Lee Weaver, in Vancouver. Few definite details concerning the cause of the death reached the city, only the bare fact that Mr. Weaver had come in contact with a live wire. The late Lee Weaver had a home just outside Morinville and had only just reached Vancouver on a vacation. The deceased was unmarried.

The Capital learned this morning that on February 8th last all differences between the contractors for the Alberta and Great Waterways Railway and the Dominion Land Office were removed and the contractors are now in full possession of the regular timber permits with the dues all paid. Provisional permits were issued on January 3rd but the question arose as to whether spruce would be used. The contractors are required to conform with the regulations of the Department.

EMPIRE DOUBLE-HEADER

Commencing tonight, Frank Healy's San Francisco Opera Company begin their farewell appearance in Edmonton. They will appear in "Fantana," one of their biggest successes in conjunction with the Empire's crack vaudeville bill. Wednesday night will be their last appearance here, as they leave for the East on a tour which will embrace the whole Dominion as far as the Atlantic seaboard.

The Friscans have always been warm favorites in Edmonton, and in "Fantana" they will be at their best, so a most enjoyable evening is to be looked for from their part of the programme alone, and Manager Kyle is "there with the goods" when it comes to putting up that "different" sort of vaudeville. In order to run both bills it is necessary to start at 8 p.m. sharp, so it is advisable to be on hand early.

For the vaudeville end of the bill, the headliners are two brothers, Tony and Gus Castellano, and in America were gone over with a fine-tooth comb, two more sensational cyclists could not be unearthed. Forward and backward somersaults, looping the loop, and other marvellous feats are pulled off by these two dare-devils in a manner that will keep the audience at the highest nerve tension during their performance.

The Bachelor Club is the name of a comedy singing and talking skill offered by five clever young fellows who have made a big name for themselves in the East and wherever they have appeared. Dutton and LeBlond are a pair of sensational comedy bar carolists and they tear off some amazing stunts. Davey and Everson, who bill themselves "Manipulators of Melody," portraying characteristic Mexican serenades, offer a dainty number. The lady is possessed of a fine voice, and with their typical Mexican costumes and excellent instrumental offerings interspersing their act, they will without doubt prove winners.

Miss Alice Pinckton has a catchy illustrated song number taken from "The Prince of Night," entitled, "I Wonder Who's Kissing Her Now," and although perhaps "she won't tell" still the song is decidedly good.

Now that Director Thos. Irving has secured a cracking good drummer, after wiring all over the country, he states that his overtures will excel his previous efforts, which everyone knows were well worth listening to. This item, together with the Empire's, will round out another of those bargain performances that drew such crowds for the first three nights of last week. The prices are quoted in the Empire at \$1, 75c and 50c, and at this price standing room should be at a premium.
